TURN ON 'RESTRICTED' MODE

TURN ON RESTRICTED MODE
‘Restricted Mode’ is an optional setting you can use to help screen out potentially mature content; you may prefer your child not to see. Restricted Mode works on the browser or device level, so must be turned on for each browser or device your child uses. To do this, follow these steps:

20

- Go to the bottom of any YouTube page and switch 'Restricted Mode' to 'ON'.
 - To make it more difficult for this to be turned off, you will be given the option to lock restricted mode onto your browser.

Please note that you can't "lock" restricted mode on a phone in the same way that you can on a desktop. You will need to turn this on each time your child uses it.

[CREATE A FAMILY GOOGLE ACCOUNT](#)

By having a shared family Google account, checking the history will enable you to see exactly what your child is watching and sharing on YouTube. To see the history on a computer, on the right hand menu under the library section, click 'History'. On mobiles, the viewing history can be found by clicking on their device tab.

BLOCKING ACCOUNTS

DESCRIBING ACCOUNTS
When using YouTube, there may be instances where your child receives negative comments. If somebody's giving your child a difficult time, here's how to block them and prevent future comments and replies:

- Go to their channel/account by clicking on their name.
 - Click on 'About.'
 - Tap the dropdown box with an image of a flag on it.
 - Press 'Block user.'
 - Tap 'Submit.'

**MONITOR WHAT YOUR CHILD IS
WATCHING/POSTING**

The only way to know if your company has been working is to measure its success. And the best way to do this is to have your customers tell you what they think. That's why we've created a Customer Satisfaction Survey. It's a quick, confidential questionnaire that will help us understand how our products and services are performing and how it could be improved. Your participation in the survey will help us to better serve you and your business.

"NEW FEATURES"

DIGITAL WELLBEING

DIGITAL WELLBEING
YouTube has launched a tool called "Time Watched" that allows you to see how long has been spent on the platform. Once you have discovered how much time has been spent on the app, there is the option to set a time limit. Once the limit is reached, a reminder will pop up on the screen. You can also disable sounds and vibrations to help resist the urge to check for notifications.

OPT FOR A FAMILY PREMIUM PLAN

A YouTube Family Premium plan may be a time-effective option if you have more than one child. For \$17.99 a month, it allows you to share a YouTube paid membership with up to three other family members - aged 13 and older - living in the same household. As the account holder, or family manager, you must create a Google Family account.

MANAGING IN-APP MESSAGES

If your child is accessing YouTube via your account, bear in mind that they may be contacted by Google contacts who are complete strangers to them. You can remove someone from the suggested contacts list by pressing and holding the person's name and tapping on the red 'x'.

POPULAR YOUTUBE GAMERS

These are hundreds of YouTube channels which share other players' videos, commentaries, and game reviews. There are called Let's Play videos, and many of them have a lot of commerce for it, especially if they have a lot of subscribers. Other YouTubers try to keep their privacy, so they don't let people know where they are staying. Often, the gamers just enjoy playing without caring language and culture. A few examples of famous YouTube gamers for you:
